

Call for abstracts & papers

Braga, Portugal | 14–19 June 2026

The European Safety and Reliability Association (ESRA) invites submissions for the **ESREL 2026 Conference**, to be held in the vibrant and historic city of Braga, Portugal. This annual gathering is a leading international platform for exchanging ideas and advancing knowledge in safety, reliability, and risk analysis across industries and scientific disciplines.

Researchers, practitioners, policymakers, and industry experts are welcome to share insights, methodologies, and innovations that shape a more resilient and secure world.

Important Dates

SUBMISSION	
Deadline for abstract submission	19 October 2025
Notification of abstract acceptance	28 November 2025
Deadline for submission of full paper	16 January 2026
Author’s registration deadline	27 March 2026

For full details and submission instructions, please visit:

www.esrel2026.com

Submission Process

The ESREL 2026 submission process includes two stages:

- 1. Abstract Submission:** Authors are invited to submit abstracts (approx. 300 words) through the online submission portal by **19 October 2025**.
- 2. Full Paper Submission:** Accepted abstracts will be invited to submit a full paper (4–8 pages) by **16 January 2026**. All submissions will undergo **double-blind peer review** to ensure scientific quality and relevance.

Accepted papers will be published in the **ESREL 2026 proceedings** and selected contributions may be invited for submission to **special issues** in peer-reviewed journals.

Call for Special Sessions

Participants are invited to propose special sessions to enrich the conference program. Proposals must include a brief session description and the names and affiliations of at least six potential speakers. Each talk should last around 15 minutes.

Deadline: 19 October 2025

We look forward to receiving your contributions and welcoming you to Braga for a stimulating and impactful edition of **ESREL 2026!**
